

Program

7th Cancer Crosslinks 2015

January 15, 2015 – Auditorium, New Research Building, OUS - Radium Hospital

08:30h - 09:30h REGISTRATION & COFFEE	
Opening session: Setting the scene for Cancer Crosslinks 2015	
09:30h - 09:40h	Welcome and outlook for 2015 by Oslo Cancer Cluster
09:40h - 10:30h	Opening Keynote: Treatment strategies 2015: how to combine molecularly targeted therapies and emerging cancer immunotherapies based on molecular insights into the tumour? <i>Prof. Paul Baas, Department of Thoracic Oncology, The Netherlands Cancer Institute, Amsterdam, Netherlands</i>
Main session: Novel insights into tumor heterogeneity and clonal evolution: how to design treatment and follow-up strategies?	
Chairpersons: <i>Prof. Ragnhild Lothe, Centre for Cancer Biomedicine, Oslo University Hospital and Prof. Hans Petter Eikesdal, Haukeland University Hospital, Bergen</i>	
10:30h - 10:45h	Introduction by Chairperson
10:45h - 11:30h	Keynote presentation: How heterogeneous is a tumour and can you identify an aggressive clone early on? (<i>title tbc</i>) <i>Prof. Nicholas Navin, The University of Texas MD Anderson Cancer Center, Houston, USA</i>
11:30h - 12:00h	COFFEE & NETWORKING BREAK
12:00h - 12:30h	Haematology Focus: Better treatment decisions via combining molecular characterisation and functional screening? Which experience do we have? How do we adapt future protocols? <i>Prof. Kimmo Porkka, Haematology Research Unit, University of Helsinki, Finland</i>
12:30h - 13:00h	Perspectives from Norwegian haematologists <i>Prof. Bjørn Tore Gjertsen, Haukeland University Hospital, Bergen, Norway and Prof. Henrik-Hjorth Hansen, St. Olav's hospital / NTNU, Trondheim (invited)</i>
13:00h - 14:00h	LUNCH & NETWORKING BREAK
14:00h - 14:30h	Keynote presentation: Liquid biopsies – monitoring solid cancers in the blood: where are we today and how can these technologies affect clinical decision-making? <i>Prof. Klaus Pantel, University Hospital Hamburg-Eppendorf, Germany</i>
14:30h - 14:45h	Exosomes in Early Detection of Pancreatic Cancer <i>Prof. Sonia Melo, IPATIMUP, Porto, Portugal</i>
14:45h - 15:00h	Q&A Liquid biopsies
15:00h – 15:45h	Norwegian and international collaborative projects: Novel insights and their clinical implementation – perspectives and learnings from different indications <ul style="list-style-type: none"> Clonal heterogeneity in epithelial malignancies: Challenges and clinical applications <i>Prof. Manuel Teixeira, Portuguese Oncology Institute, Porto, Portugal</i> Targets for therapy in gynecologic cancers: does overlap in molecular and histologic subtypes support new strategies for clinical trials? <i>Prof. Helga Salvesen for CCBIO, Haukeland University Hospital, Norway</i> From targets to bullets in lymphoid malignancies - examples from Oslo University Hospital <i>Dr. Alexander Fosså, Department of Oncology, Oslo University Hospital</i>
15:45h - 16:30h	Defining treatment strategies in 2015: Opportunities and Challenges <i>Panel discussion with Norwegian and international speakers moderated by Prof. Helga Salvesen, Haukeland University Hospital and Dr. Hege Giercksky Russnes, Oslo University Hospital</i>
16:30h - 17:00h	COFFEE & NETWORKING BREAK
Closing Session (norsk): Pasientens perspektiv	
17:00h - 17:15h	Introduksjon til tema, <i>Else Støring, Seksjonssjef Kreftlinjen, Kreftforeningen</i>
17:15h – 18:00h	«En pasienthistorie» av <i>Anniken Golf Rokseth</i>
18:00h - 21:30h NETWORKING EVENING WITH TAPAS & WINE
