

# PROGRAM

## R&D Network Meeting & Workshop: Use of cancer biomarkers in patient treatment –how to standardize molecular testing?

Dato: May 3rd, 2016 14:00 – 19:00 at Oslo Cancer Cluster Innovation Park

[Please register here](#)

**Moderator of the day:** *Tone Ikdahl, Co-Chief Executive Officer, Akershus University Hospital*

- 14:00–14:15     **Registration and coffee**
- 14:15–14:20     **Welcome and short update from Oslo Cancer Cluster**  
Ketil Widerberg, General Manager
- 14:20 – 14:30     **Introduction to the topic by Tone Ikdahl:** *Why is ras testing important? What are the challenges clinicians and patients are facing today regarding ras-testing?*
- 14:30–15:00     **International Key Note: Estrid Høgdall, Director of Danish CancerBiobank:**  
*Use of cancer biomarkers in clinical practice and research. Experience from Denmark.*
- 15:00–15:15     **The use of RAS-biomarkers in Norwegian cancer treatment**  
Marianne Guren, Oncologist Oslo University Hospital

- 15:15 –15:30 **Pathology Perspective – current practice and challenges**  
Sonja Steigen, Pathologist at University Hospital of North Norway
- 15:30–15:45 **Case study**  
Morten Brændengen, Oncologist at Oslo University Hospital
- 15:45–15:55 **Liquid biopsy – the new way forward**  
Emiel Janssen, Head of Division for Quantitative and Molecular Pathology at Stavanger University Hospital
- 15:55–16:15 **Coffee break with cake**
- 16:15-16:30 **Introduction to workshop**
- 16:30–17:00 **Workshop in groups**
- 17:00–17:30 **Presentations from groups: Wrap up and closing remarks**
- 17:30 - 19:00 **Mingling with light refreshments**

This R&D Network Meeting is organized in collaboration with Akershus University Hospital and sponsored by Amgen and Merck.
