a **swedenBIO** event

a  pre-event

www.nlsinvest.com

bringing the investment community together

A **by-invitation only** event through which 60+ selected companies (**Rising Stars**) within the Nordic life science industry will be invited to pitch before a range of national and international investors, including pharmaceutical venture arms.

60+ Nordic companies will present their pitch within their appropriate track: Bio/Pharma, MedTech/Diagnostics, and Digital/E-Health.

Pitching companies will represent the best investment opportunities from the Nordics – companies that have developed well in their home countries and are now looking for further capital to accelerate their development.

Interested in pitching? Please **apply before April 30th** on www.nlsinvest.com, where you will find the application form and selection criteria details.

Three parallel educational workshops will be hosted during the afternoon pitching breaks, so that attending 'rising stars' are able to **gain support in strategizing and planning** for their growth future (topics include regulatory, IP, and board / advisory selection).

Informal networking with all attendees will be provided during coffee breaks, lunch, and afterwork mingling.

For companies interested in applying for selection:

Denmark: Maria Henriques De Jesus • bioinnovation@novo.dk

Finland: Hanna Halme • hanna.halme@turkubusinessregion.com

Iceland: Erna Björnsdóttir • erna@invest.is

Norway: Anita Moe Larsen • anita.moe.larsen@norwayhealthtech.com

Norway: Hanne Mette Dyrllie Kristensen • hannemette@tlsc.nom

Sweden: Andy Browning • andy.browning@uic.se

At the end of the Investment Day, 12 'Top Stars' will be announced as finalists (4 from each track).

Those 'Top Stars' will be invited to repeat their pitch on the main NLSDays' stage during the Nordic Life Science Awards ceremony.

Winners of each track will receive a cash packaged prize, as well as services vouchers from sponsors.

Those winners will be announced at the end of the Nordic Life Science Awards Ceremony, to be held on September 9th.

All 'Rising Stars' invited to attend the NLS Investment Day will benefit from a complimentary registration to attend NLSDays 2020.

Non selected companies following the application process will benefit from a discounted rate for attending NLSDays.

All attendees of the Investment Day who would like to set formal meetings with one-another will be given preferred partnering status in the partnering platform during NLSDays.
